

## Math Foundations: Long Division

### Take Away Practice Worksheet

**Instructions:** Complete the following long division problems using the DMSB (divide, multiply, subtract, and divide) method. Some problems may include a remainder. Simply indicate that next to your answer. You can find the answer key [here](#).

1.  $8 \overline{) 496}$

2.  $5 \overline{) 840}$

3.  $3 \overline{) 9831}$

4.  $14 \overline{) 1523}$
